

06.11.2020

We take the safety and security of our clients very serious!

We have in the recent times experienced attempts to discredit our good and reputable name. More specifically our company name and logo have been used on false documents and order confirmations with the intent to commit fraud.

We therefore ask you to be careful and pay extra attention to the following bullets:

- 1. Famobra employees only use the domain @famobra.com _ NOTHING ELSE.**
- 2. Check the bank details carefully – our Bank details will not change without prior official notification from our side.**
- 3. Visit our web-site to get further information about Famobra GmbH.**
- 4. Please let us know if you have any doubts regarding the authenticity of a famobra document you have received. If something seems suspicious, we ask you to take contact via phone to your main point of contact in Famobra or via our main number +49 461 99 98 989. You can also contact us via e-mail: info@famobra.com**

Please do not hesitate to contact us if you have questions regarding this issue in general.

**Best and safe regards
Famobra GmbH**
